

LOFTANK

Rectangular Water Storage Tank

Has more than 30 years' expected lifespan through effective stabilization of polyethylene against the harmful effect of sunlight. This is achieved by incorporating >2.3% carbon black into polyethylene by melt compounding process and use of a suitable carbon black master batch.

SPECIFICATIONS				
PRODUCT	CAPACITIES		DIMENSIONS CMS	
	LTRS	GAL	HEIGHT	DIA
LR 23	230	50	41	W74/110L
LR 46	460	100	68	W62/126L
LR 100	920	217	74	W124/124L

Features

- Made from food-grade polyethene
- Easy to transport & install
- No change in taste of water
- Safe for storage of water

Applications

- Outdoor & Indoor Water storage
- Water harvesting
- Water treatment plants
- Agriculture
- Apartments & Commercial uses
