

Fish Tubs

Insulated Fish Tubs

Our insulated fish and meat tub is a convenient and well-rounded container and can be used as a fish tub, meat tub, poultry tub, or as a food recycling container. The double wall, foam filled insulated container provide excellent temperature control and consistency, keeping products fresh and protected until they reach their final destination.

SPECIFICATIONS				
PRODUCT	CAPACITIES	DIMENSIONS CMS		
CODE	LTRS	LENGTH	WIDTH	HEIGHT
FT66 WITH LID	660L	120	101	75
